

Achieving Extreme Success

Course Preparation Materials

Course Introduction

Achieving Extreme Success could be one of the most valuable sessions that you and your team ever attend. Why are most practices struggling in these so-called “tough economic times” while others are having record-breaking years? Why are some dentists doing comprehensive aesthetic dentistry while others cannot successfully present quadrant dentistry? This energetic, interactive and highly motivational seminar will establish the secrets behind the ultra successful LVI-style dental practice...from 3 different practices with a common thread for success.

To be successful in today’s dental market, it is imperative that you differentiate your practice to show your patients that you are a cut above. Learn from 3 successful practices how they:

- Develop and maintain successful LVI-style practices
- Create the ultimate “team” environment for success – for dentist, team members and patients
- Successfully present cases

Topics Addressed:

- Presenting philosophical differences in old-style vs. new-style practices
- Creating the true “team” environment
- Preserving the “ownership” mentality
- Detailing the accounts of patient progression through individual team member prospective
- Presenting pay and bonus systems that keep everyone happy
- Establishing a “paradigm” shift from “staff” to “team”
- Creating a positive atmosphere for team and patients
- Discovering the comprehensive approach to patient treatment
- Team case presentation and techniques for “selling” the case
- Why you should want your team to run the practice instead of you
- Motivating team members to actually “get it” and the benefits to your practice
