

Implant I

An Implant Course Dictated by the Occlusion

Course Preparation Materials

Course Introduction

The ultimate goal of this course is to teach an implant system that allows general dentists to place and restore implants predictably and with long-term clinical success. The course is designed to allow a general dentist to understand the various levels of participation in the implant protocol. This course is the prerequisite course for Implants II.

Additional goals of the course include the following.

To provide attendees with;

- an understanding of a approach to surgical implant placement and occlusal loading
- an understanding of a predictable, reliable and minimally invasive protocol to place implants
- complete treatment planning, including specifics about patient acceptance and patient management
- a technique that virtually eliminates surgical surprises
- an implant technique that results in positive esthetic and functional results
- a system that will work in any implant placement situation from single tooth implants to full mouth reconstructions
- an understanding of Tomographic systems
- a comparative analysis of all radiographic options for patient evaluation and implant placement
- an understanding of implant placement tools and technology
- an understanding of the financial implications of placing implants, including equipment requirements and costs and revenues generated
- the knowledge of fabricating surgical stents using two different methods
- utilizing stents during implant placement
- an opportunity to perform hands-on implant placement using models and stents
- an opportunity to watch two live implant placements by Dr. Leo Malin

This course has computer components. For optimal success please: BRING YOUR LAPTOP COMPUTER

Demonstration Patients

In order to provide the best learning experience for all attendees, LVI is accepting cases to be considered for demonstration surgeries to be performed by the Clinical Instructor. If you have a patient of record that requires an implant(s), sinus lift, etc, and would like them to be considered as a demonstration patient, please submit a short description of the treatment plan, panorex, and/or radiograph via email to either our Clinical Director, Dr. Mark Duncan (mduncan@lviglobal.com) or Clinical Affairs Manager, Minette Boquiren (minette@lviglobal.com). Should your case be approved, you will be contacted with further details.

Proposed Course Outline

Implants

DAY ONE

Course introduction and Dr. Leo Malin's biography
Common Questions regarding implants
Overview of Tomography and CT capabilities
How implants can be placed with ease, reliability and high success rates
Anatomy and Physiology review
Technical review of periodontal/implant principles and implant/tooth interrelationships
Detailed review of proper pre-treatment diagnostic procedures
Detailed introduction of Top-Down process in placing implants
Review of parts and supplies for implants
Treatment plan of case 1 using Top-Down process
Dr. Malin performs a simple implant surgery
General discussion

DAY TWO

Implant Occlusion
Periapical, Tomography and CT radiography – Dick Greenan
Treatment plan of case 2 using Top-Down process
Attendees prepare stents
Dr. Malin performs a second implant surgery
General discussion
Review of last two days' surgeries with photos and x-rays

DAY THREE

Attendees place implants into models using stents from Day 2
Restoration discussion
Implants and dentures
Advanced case examples
Further instruction – Implant II course overview
Review of earlier 2 cases
Implants in your practice
Course Wrap-up

**Please Note: This schedule is tentative. Lectures and times are subject to change.*

Travel Information

For all of your travel arrangements, please call Jeri our in-house travel manager, LVI Travel at (877) 805-3388. LVI Travel will introduce you to the most attractive hotel, airfare and car rentals available in Las Vegas. **Ask about our special rates in Summerlin The Red Rock Resort and Spa, JW Marriott Resort and Spa, and The Suncoast Hotel and Casino and the non-gaming Trump Towers on the strip.** Travel expenses are not included in your tuition.

Course Change & Cancellation Policy

Registration fees are non-refundable and must be exercised within two years. LVI Global, LLC (“LVI”) reserves the right to cancel courses 60 days prior to the scheduled date of a course or activity. Should LVI cancel a course or activity, LVI will apply the full value of any deposits and fees related to said course or activity to future LVI course or activities. Should LVI cancel a course or activity, you may also have the option of having the deposits returned to you. Fees remain non-refundable but, may be reapplied to another course or activity. LVI will not be responsible for any other fees, costs or consequential damages associated with canceling this LVI course or activity with the exception of non-refundable transportation or accommodation fees booked through LVI Travel. For courses requiring a live-patient, the treating Doctor must bring a patient of record. During courses conducted at LVI, I understand that photographs or video may be taken of me for educational and marketing purposes. I hold harmless LVI for any liability resulting from this production. I waive any right to inspect the finished production as well as advertising materials in conjunction with these photographs. I understand that I may receive marketing materials as a result of my attendance. In addition, by my signature on this form, I authorize LVI or its partners to contact me via mail, facsimile or email.

Change/Cancellation/Postponement Policy:

- A change, cancellation or postponement of course date is not complete without your required signature and date.

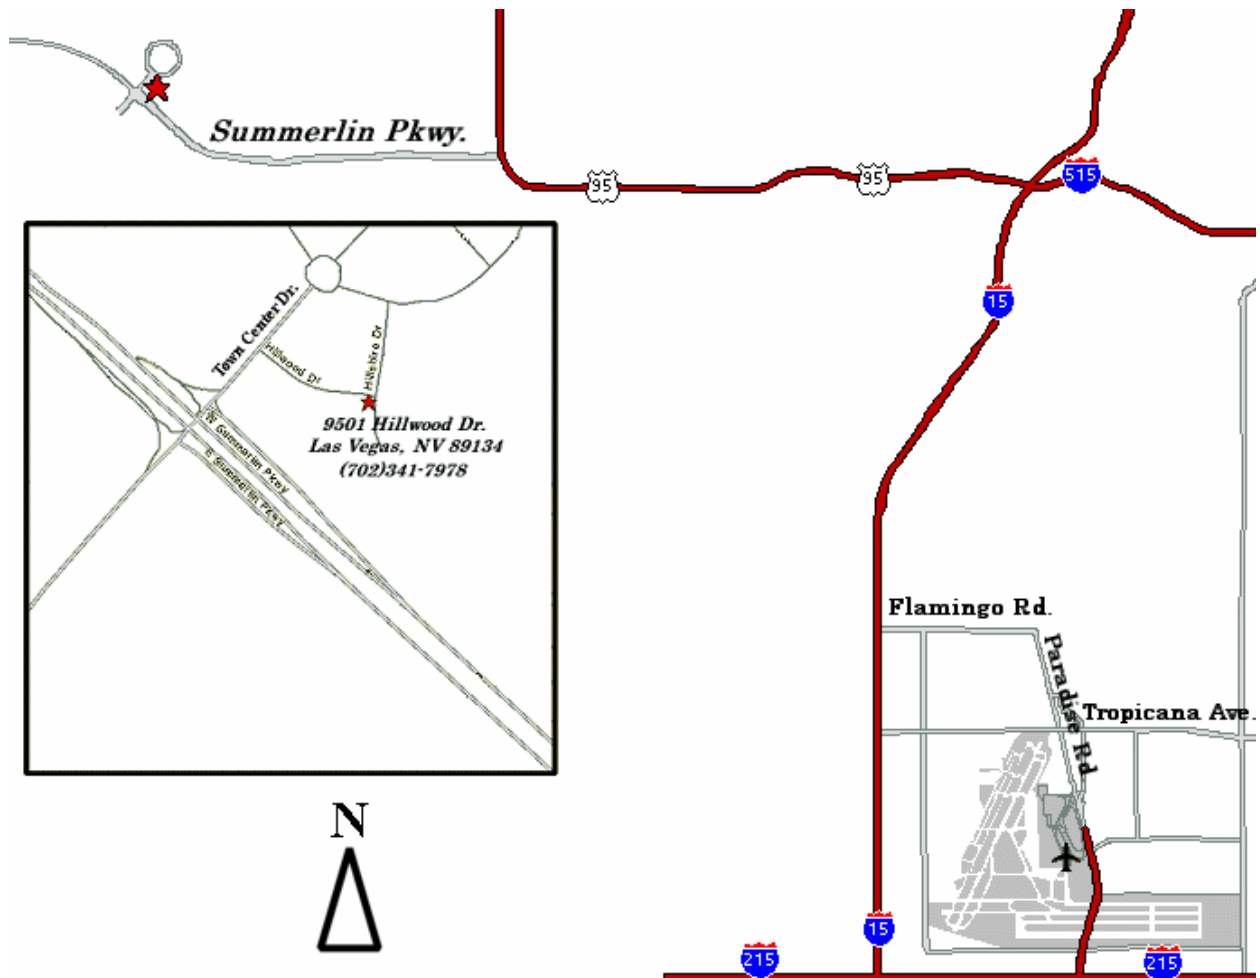

(The following do not apply if moving from TBD status to date selection)

- If change, cancellation, or postponement is received 60-90 days prior to registered course, 25% of the course fee will be forfeited.
- If change, cancellation, or postponement is received within 60 days, 50% of the course fee will be forfeited.
- If change, cancellation, or postponement is received less than 30 days prior to your registered class, 100% of the course fee will be forfeited.

Frequently Asked Questions

Q: What is the weather like in Las Vegas?

A: In the winter months (December through mid-March) temperatures range from lows around 15 degrees with highs up to 60 degrees. In spring (mid-March through May) the weather is nice with highs between 70-80 degrees. Summer months (June through mid-September) are hot, highs up to 110 degrees, with nice warm summer nights. In the fall (mid-September to November) it cools down with temperatures back around 70-80 degrees.

Q: What should I wear when I come to LVI?

A: Business casual. We tend to keep the building cold so you might want to bring a light sweater.

Q: Is food served at LVI?

A: A continental breakfast is served at 7:30 each morning and lunch is provided each afternoon. Snacks are also available throughout the day.

Q: How far is the Las Vegas Strip from LVI?

A: Approximately 12 miles. It could take up to 30 minutes with traffic.

Q: Do you provide transportation to LVI?

A: LVI provides transportation *only* from the J.W. Marriott, The Red Rock and the Suncoast Hotel. Check with the Bell Stand for pick up times on course days.

Q: If I take a cab, what do I tell the driver?

A: Take I-15 north to I-95 North to Summerlin Parkway. Exit right on Town Center Blvd and take the first right on Hillwood Dr. (see “Directions to LVI” in this booklet for more detailed directions).

Q: Where do I check-in when I first arrive at LVI?

A: For every course you attend at LVI, you must check-in on the first day in the Hillwood Building (the main building). However breakfast will be served in the dining hall located in the Hillshire Building (the new building).

Amenities

Nationally Certified Massage Therapist, Rachel Marcus, may be on-site at LVI for your convenience. Call (702)232-1019 for an appointment.

CE Information

Important Information Regarding Your Continuing Education Credits

How Many CE Hours Can I Expect to Receive From This Course?

After completing this program, you will receive a verification letter of the appropriate AGD approved continuing education hours. These credits represent the lecture and participation portion of the course. **Your AGD number must be on file at LVI in order for us to file your education credit hours with the AGD.** You are required to complete information regarding AGD number and membership on the sign in sheet for each course. If that information is not completed, your education hours will not be sent to the AGD.

When Will I Receive My CE Credits?

Your CE form will be presented along with your plaque or certificate. Please copy the form and submit it to your governing agency.

Does LVI Submit My CE For Me?

Yes but only if you provide us with your AGD membership verification and you AGD number. It is your responsibility to keep the letter indicating your credits on file in your office and, if necessary submit your CE hours to the appropriate organization (i.e.: your state/territory, etc.).

What Happens If I Lose My CE Form?

Once you receive your CE forms, hold on to your originals and send copies when submitting your CE hours. **If your original letters are misplaced, LVI must charge a \$30.00 processing fee for necessary research. Replacement CE letters can take up to 3 weeks to receive.**

Educational Objectives

The objectives of this course are for the participant to be able to:

- Identify implant protocols and limitations
- Discuss advanced case presentation including ridge augmentation and sinus grafts
- Understand predictable, reliable and less invasive surgical protocol
- Understand Tomographic systems and how to read these X-rays and understand radiographic options for patient evaluation and implant placement
- Understand treatment planning, patient acceptance and patient management
