

The Ultimate Solution In Metal Free Aesthetics

Course Preparation Materials

Course Introduction

The Ultimate Solution In Metal Free Aesthetics is a course that provides information on the fabrication of multiple unit zirconium bridges and single units. Emphasis will be on the perfectly balanced smile design, even when different substructure materials are used. Solutions on implant constructions, multiple unit bridges, single crowns, veneers and inlays/onlays will be discussed and presented.

The course will cover the following:

- Proper construction, design and handling procedures for Zirconium and other state-of-the-art sub structure material.
- Techniques and materials for aesthetic solutions in metal free restorations.
- Communication with the dentist about high tech materials.
- Informing the Technician with better options when faced with complicated cases.

Armamentarium Needed

Each participant must bring the following materials to the course:

- Protective eye wear, loupes, lab coat, etc.
- Small carbide or diamond burs for trimming stone models

We will provide each student with pre-operative models (max & man). You will mount models to a new pre-established vertical index (bite). Pre-operative wax-ups will be done on the models and then transferred to die models (same mouth) where the case will be finished in wax, applying principles and techniques learned at the course.

After the course you will become skilled at completing a work-up of a full-mouth case, start to finish, in the wax. Emphasis will be placed on proper communication between doctor and patient, along with anatomy, contour, and neuromuscular occlusal concepts.

**Some of these items may not be allowed as carry-on luggage. We recommend that you have any bags with instruments checked and do not carry them onto the plane.*

Please come with a clear, open mind and good attitude!

Travel Information

For all of your travel arrangements, please call Jeri our in-house travel manager, LVI Travel at (877) 805-3388. LVI Travel will introduce you to the most attractive hotel, airfare and car rentals available in Las Vegas. **Ask about our special rates in Summerlin The Red Rock Resort and Spa, JW Marriott Resort and Spa, and The Suncoast Hotel and Casino and the non-gaming Trump Towers on the strip**

Frequently Asked Questions

Q: What is the weather like in Las Vegas?

A: In the winter months (December through mid-March) temperatures range from lows around 15 degrees with highs up to 60 degrees. In spring (mid-March through May) the weather is nice with highs between 70-80 degrees. Summer months (June through mid-September) are hot, highs up to 110 degrees, with nice warm summer nights. In the fall (mid-September to November) it cools down with temperatures back around 70-80 degrees.

Q: What should I wear when I come to LVI?

A: Business casual. We tend to keep the building cold so you might want to bring a light sweater.

Q: Is food served at LVI?

A: A continental breakfast is served at 7:00 each morning and lunch is provided each afternoon. Snacks are also available throughout the day.

Q: How far is the Las Vegas Strip from LVI?

A: Approximately 12 miles. It could take up to 30 minutes with traffic.

Q: Do you provide transportation to LVI?

A: LVI provides transportation *only* from the J.W. Marriott, The Red Rock and the Suncoast Hotel.
Check with the Bell Stand for pick up times on course days.

Q: If I take a cab, what do I tell the driver?

A: Take I-15 north to I-95 North to Summerlin Parkway. Exit right on Town Center Blvd and take the first right on Hillwood Dr. (see “Directions to LVI” in this booklet for more detailed directions).

Q: Where do I check-in when I first arrive at LVI?

A: For every course you attend at LVI, you must check-in on the first day in the Hillwood Building (the main building). However breakfast will be served in the dining hall located in the Hillshire Building (the new building).

CE Information

Important Information Regarding Your Continuing Education Credits

How Many CE Hours Can I Expect to Receive From This Course?

After completing this program, you will receive a verification letter of the appropriate AGD approved continuing education hours. These credits represent the lecture and participation portion of the course. **Your AGD number must be on file at LVI in order for us to file your education credit hours with the AGD.** You are required to complete information regarding AGD number and membership on the sign in sheet for each course. If that information is not completed, your education hours will not be sent to AGD.

When Will I Receive My CE Credits?

Your CE form will be presented along with your plaque. Please copy the form and submit it to your governing agency.

Does LVI Submit My CE For Me?

Yes but only if you provide us with your AGD membership verification and your AGD number. It is your responsibility to keep the letter indicating your credits on file in your office and, if necessary submit your CE hours to the appropriate organization (i.e.: your state/territory, etc.).

What Happens If I Lose My CE Form?

Once you receive your CE forms, hold on to your originals and send copies when submitting your CE hours. If your original letters are misplaced, LVI must charge a \$30.00 processing fee for necessary research. Replacement CE letters can take up to 3 weeks to receive.

Educational Objectives:

The educational objectives of the course are for the participants to be able to:

- Understand the proper construction, design and handling procedures for Zirconium and other state of the art sub-structure materials.
- Define techniques and materials for aesthetic solutions in metal free restorations.
- Achieve a level of confidence that will allow them to better communicate with the dentist about the use of high tech materials.
- Utilize the information in the course that will provide them with direction when faced with complicated cases.
