Jaw Development Orthodontics®

Mentoring with Dr. Anne-Maree Cole

Everything is hard before it is easy

But you are not alone...

As general dentists, orthodontics poses new challenges and it is impossible to grasp everything in one seminar. With Jaw Development Orthodontics, the concepts are entirely physiologically based but the principles have to be applied with finesse. Each case brings its own idiosyncrasies and nuances, which can be challenging with the potential of you losing your confidence.

It need not be that way. Dr Anne-Maree Cole has been deeply immersed in this treatment protocol since early 2012. She has been instrumental in evolving physiologic orthodontic protocols which cater to our family of LVI patients, suffering TMD, sleep-disordered breathing and malocclusion. She is overjoyed to be able to share that knowledge with her LVI colleagues and friends, through her *Advanced Jaw Development Orthodontics Program and Members Only Mentorship Support*.

The Mentorship entitles you to unlimited email support for your cases. Individual support, guidance and advice is provided to assist you in navigating your cases. Once you are a Member, you will be provided with an exclusive email address to which all my Mentoring emails are directed.

In addition to the continuous email Mentorship, Mentoring Days will be happening at LVI 2-3 times a year. These days, which we run regularly in Australia, are incredibly valuable. We go through your cases, assisting with challenges, encouraging your awesome work and identifying nuances you may not have even noticed up until that point. It also enables me to keep you updated on advances in protocol in a very timely manner.

I encourage everyone to take advantage of these opportunities. Even if you have never contemplated doing orthodontics, (and that was definitely me, hard as it is to believe now), please come and see what it is all about. Talk to your Concierge, check for dates and register ASAP so that you become eligible to take my Advanced Jaw Development Orthodontics Program - Putting It All Together from Beginning to End, at which time you can join the Mentorship.

It is an exciting time to be a dentist! Come celebrate with your Ortho Team at LVI.
