

COURSE PREPARATION MATERIALS

Core V:

**Finalization of Physiologic
Rehabilitation Case**

**Important Risk Management Packet
Included**

LVI Global
9501 Hillwood Drive
Las Vegas, NV 89134
www.lviglobal.com
888.584.3237

Risk Management

The items below **must** be completed and faxed or mailed to LVI Global prior to case approval.

- Release of Liability Form
- Information Verification
- Records Release & Consent
- Documentation of Work Done at Home (please answer every element of question # 3)
- Medical History
- Periodontal Evaluation
- Live Patient Consent Form
- LVI S.M.I.L.E.S. Evaluation Form (optional)
- Musculoskeletal – Occlusal Signs Exam Form (optional)
- Case Approval Worksheet, FULLY completed
- A set of models mounted to the Physiologic bite (see specific requirements on page 3)
- Digital photographs (see 'Core V Required Photographs' sheet attached)
- Full mouth radiographs OR Panorex plus Bitewings in digital format (see 'Core V Required Photographs' sheet attached)
- Tomograms in Natural CO and Orthotic (see specific requirements on page 5)
- BioPAK scans Rest/CO Rest

If you have any questions about your case, please email: riskmanagement@lviglobal.com.

Models:

Please send a set of models mounted in the Physiologic position of the case you plan to bring to the course at LVI Global. Take your impressions with a polyvinyl siloxane material, not alginate. Pour your models up in stone (i.e.: yellow, green, and pink). Please label the models with your name as well as your patient's name. Your case must be approved before your lab can begin your wax-up, so send your case information to LVI as soon as possible. Your laboratory will require a separate set of polyvinyl impressions and a Physiologic bite transfer to fabricate your diagnostic wax-up.

Please note that as an attendee you are responsible for any lab fees associated with your case.

Tomograms/CBCT:

Please see example of an acceptable tomogram – Send to LVI no later than 4 weeks prior to the course start date, or you can bring them on the First day of the course

Tomograms MUST be taken of your patient in two positions:

- ▶ Existing CO
- ▶ In physiologic position using any of the following; TAG bite registration, fixed or removable orthotic.

Release of Liability Form

Please complete this form and mail or email: riskmanagement@lviglobal.com

LVI • 9501 Hillwood Drive • Las Vegas, NV 89134 • (888)584-3237

Release of Liability Agreement

I am participating in the LVI Course, Core V on _____, 20___. In consideration of the opportunity to participate in this program, I hereby release the Las Vegas Institute for Advanced Dental Studies, their officers, directors, employees, and agents from any claim, damage of liability for or arising out of an injury or death which could result from my own actions or omissions or the actions or omissions of any employee or agent of the Curators of the Las Vegas Institute for Advanced Dental Studies.

Documentation of Work Done at Home Office

DOCUMENTATION OF WORK DONE AT HOME OFFICE IN PREPARATION OF THE PATIENT AND TREATMENT PLAN

Please complete this form in its entirety. Do not leave any portion of question #3 unanswered. This should be completed from both a liability and dental standpoint. **Note:** (Please do not make travel plans prior to receiving approval of your case. The earlier that you get the case information in, the easier it is for you to plan.)

1. Please indicate any radiographs and/or tomograms you have taken of your patient in preparation for this course and the date taken. (please include dates)

2. Please indicate if a Smile Analysis was completed, and the date the diagnosis was determined.

***3. Please indicate the Treatment Plan including:

a) **treatment options** that have been presented to your patient,

b) **option** you and your patient **chose**,

c) **age and sex** of your patient

d) **exact treatment plan** to be preformed (**including detail**).

I hereby verify and confirm that _____ is my patient of record. I also agree that I am responsible for all the follow-up remedial care on my patient for this course.

Other:

Are you currently taking any medications (including aspirin)? If yes, please list:

Is there any disease, condition or problem that you think this office should know about that is not covered above? If yes please explain:

Signature: _____ Date: _____

(Parent or Guardian if under 18)

LVI PATIENT INFORMED CONSENT

As a patient at **LVI Global**, I _____,
understand that I will be participating in hands-on training in the use of
certain diagnostic techniques and procedures used in Physiologic dentistry.

If you have any of the following conditions you are advised **NOT** to TENs:

- Pregnant
- Pacemaker
- Temporal Arthritis
- Active Cancer
 - Yes No
 - 5 Years Cancer Free Yes No
 - What type Cancer? _____
 - How was it treated? _____

If you have any other medical conditions please consult with the Clinical
Director prior to participating.

By signing below, you understand the contraindications and have no
medical restrictions. Participation is optional at all times.

Printed Name: _____

Signature: _____

Date: _____

Doctor's Name: _____

LVI S.M.I.L.E.S. Evaluation Form

Patients Name _____ Date _____

S. - Size and golden proportion.

Width of centrals _____ Length of Centrals _____ W/L Ratio _____ (75%-80%)

Golden Proportion _____ / _____ / _____ (1.6/ 1 / .6)

Centrals Latrals Cuspids

Correct to proper dimensions if possible

Yes No

®

M. - Midline and Canting

Is the midline correct?

Yes

No how far off _____ R/L

Is the smile canted?

Yes

No

I. - Axial Inclination

- The teeth are properly mesially inclined
- Mesial / distal incline which needs correction
- Leave teeth as is, even though not properly inclined

L. - Lip Line vs. Incisal Edge of Teeth

- Incisal edges properly follows lip line
- Reverse smile line
- Deficiency (describe) _____

E. - Extra hard tissue guidelines

- Contact points proper (gingival migration posteriorly)
- Gradation of teeth proper
- Arch form proper

Corrections necessary _____

S. - Soft Tissue Conditions

- Good Gingival Symmetry / Correction _____
- Good Height and Contour / Correction _____
- Gingival Zenith Correct / Correction _____

Core V Case Approval Worksheet

*****Important Note : You must return this worksheet with the patient's original models mounted to your Physiologic Bite for case approval.**

Please do not leave any part of this form blank.

Dr.	Patient:
Central Width of tooth #	<i>If the upper centrals have crowns, please use lower width guidelines</i>
Central Length of tooth #	Type of current orthotic: removable <input type="checkbox"/> fixed lower <input type="checkbox"/>
Existing Vertical from tooth # to #	Total time in current orthotic:
LVI Golden Vertical	Total time in Phase 1:
Vertical in Current Orthotic	Bite Transfer (circle one): Y Date: N <i>If yes, please give details below in question 4.</i>

1. Do you own (please circle one) : K7 BioPak M-Scan Neither
2. Do you plan to restore any implants? Y N * Please limit implants to only 2 per arch and implants must not be in a posterior stop position*

If yes, please give tooth numbers & treatment plan for each below:

3. Did you verify the HIP with an OPG Y N

4. Is the HIP correct Y N

5. Please provide any other information pertaining to the case or the patient's symptoms (patient headaches relieved after wearing orthotic, etc.):

LVI Vertical Index:

Central Width	Ideal Length	Golden Vertical
7 mm	9 mm	14.5 mm
7.5 mm	9.75 mm	15.75 mm
8 mm	10.5 mm	17 mm
8.5 mm	11 mm	17.75 mm
9 mm	11.5 mm	18.5 mm
9.5 mm	12.25 mm	20 mm
10 mm	13 mm	21 mm
10.5 mm	13.5 mm	22 mm

CORE V REQUIRED PHOTOGRAPHS

You must submit the following photographs of your patient in digital format:

Full Face Smile

Up-close Smile — Right lateral view, Anterior, Left lateral view

Retracted Slightly Open — Right, Anterior, Left

Occlusal (Upper and Lower)

Retracted Habitual Occlusion — Right, Anterior, Left

Retracted Physiologic Occlusion in Fixed Orthotic — Right, Anterior, Left

*Please DO NOT send prints or original photographs to LVI.

*All materials sent in for submission must be duplicates.

*If you will require radiographs during the course please bring extra copies with you.

Upload all required photos & x-rays:

- Before beginning, RENAME each individual picture you are uploading BEFORE UPLOAD so that the name of the doctor attending and the course name is included in the filename. For example, each picture should be "John Smith Core V 01.jpg", "John Smith Core V 02.jpg", etc.
- Using your Web browser, go to <https://www.hightail.com/u/LVIRiskManagement>
- Type in your email
- In the subject field type the course name and date and your name For example, Core V March/April 2011 John Smith
- Upload only your PROPERLY NAMED photos

Fixed Orthotic Bite Transfer

- 1) Prior to bite transfer appointment, take impression of fixed in patient's mouth, pour up model, and make a new Sil-tech stent to fabricate a new fixed orthotic.
- 2) At appointment, TENS patient for an hour to ensure they are on their physiologic trajectory.
- 3) Verify 3 verticals (Right/Anterior/Left) in the patient's mouth.
- 4) Place bite reg over the fixed orthotic in the patient's mouth. Have patient close into bite reg. This is the physiologic CO bite. Verify 3 verticals.
- 5) Using a model of their natural dentition as guide, section fixed orthotic from mesial of central incisor to mesial of 2nd molar (or whatever tooth is your "distal stop").
- 6) Remove fixed orthotic. Place physiologic CO bite reg back into patient's mouth on the upper arch. Reline CO bite reg in the area of the sectioned orthotic. Have the patient close. Verify 3 verticals.
- 7) Section fixed on the other side until the mesial of 2nd molar (or whatever tooth is your "distal stop"). Remove orthotic.
- 8) Reline physiologic CO bite reg—avoid overlapping the bite reg with any previously relined segment. Have patient close. Verify 3 verticals.
- 9) Remove last posterior stops of the fixed orthotic. Reline physiologic CO bite reg (avoid overlapping) and have patient close. This is the completely relined fixed orthotic Bite Transfer.
- 10) Verify 3 verticals—R/Ant/L. Verticals should be the same as when fixed orthotic was in.
- 11) Take Upper (include HIP)/Lower PVS impressions & symmetry bite.
- 12) Using the new stent, fabricate a new fixed orthotic. Verify 3 verticals.
- 13) Send to LVI trained lab:

- ◇ 1 completely relined Bite transfer
- ◇ Upper (include HIP)/Lower PVS impressions
- ◇ Symmetry bite
- ◇ Full face photo of symmetry bite on patient
- ◇ Bite Management sheet
- ◇ Smile Design evaluation

Removable Orthotic Bite Transfer

- 1) Take upper & lower PVS impressions of the natural dentition and pour up models
- 2) Mount upper to HIP on Stratos prior to Bite transfer appointment
- 3) At appointment, TENS patient for an hour so they are on their physiologic trajectory
- 4) Verify 3 verticals in removable orthotic—Right/Anterior/Left
- 5) Place bite registration over removable orthotic and have patient slowly close into bite registration. Orthotic should feel stable in the bite. Verify that verticals are the same.
- 6) Remove the orthotic/bite reg from the patient's mouth. Place it on the mandibular model. Before mounting to upper, hand articulate the lower to the upper to verify that the 3 verticals are the same as in the patient's mouth. Mount lower to upper HIP model using the orthotic/bite reg.
- 7) Once mounting is set, remove the orthotic/bite reg, and verify 3 verticals—R/Ant/L.
- 8) Using the mounted models, place bite reg on lower model and close the Stratos into the bite reg. Verify 3 verticals. This is the removable orthotic Bite Transfer. (Make 2 bite transfers-1 for Dr and 1 for lab)
- 9) Verify Bite Transfer(s) in the patient's mouth—R/Ant/L. All measurements should be the same as when you first started.
- 10) Return removable orthotic to patient
- 11) Send the following to an LVI trained lab:
 - ◇ Mounted models
 - ◇ 1 Bite transfer
 - ◇ Upper (include HIP)/Lower PVS impressions
 - ◇ Symmetry bite
 - ◇ Full face photo of symmetry bite on patient
 - ◇ Bite Management sheet
 - ◇ Smile Design evaluation

Course Change and Cancellation Policy

Registration fees are non-refundable and must be exercised within two years. LVI Global, LLC ("LVI") reserves the right to cancel courses 30 days prior to the scheduled date of a course or activity. Should LVI cancel a course or activity, LVI will apply the full value of any deposits and fees related to said course or activity to future LVI course or activities. Should LVI cancel a course or activity, you may also have the option of having the deposits returned to you. Fees remain non-refundable but, may be reapplied to another course or activity. LVI will not be responsible for any other fees, costs or consequential damages associated with canceling this LVI course or activity. For courses requiring a live-patient, the treating Doctor must bring a patient of record. During courses conducted at LVI, I understand that photographs or video may be taken of me for educational and marketing purposes. I hold harmless LVI for any liability resulting from this production. I waive any right to inspect the finished production as well as advertising materials in conjunction with these photographs. I understand that I may receive marketing materials as a result of my attendance.

Change/Cancellation/Postponement Policy:

- A change, cancellation or postponement of course date is not complete without your required signature and date.

The following do not apply if moving from TBD status to date selection

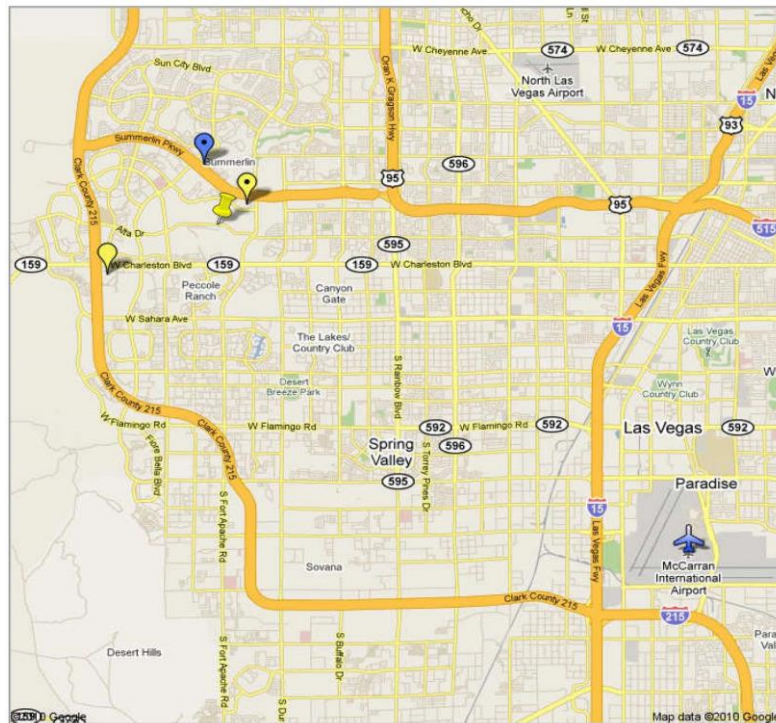

- If change, cancellation, or postponement is received 60-90 days prior to registered course, 25% of the course fee will be forfeited.
- If change, cancellation, or postponement is received within 60 days, 50% of the course fee will be forfeited.
- If change, cancellation, or postponement is received less than 30 days prior to your registered class, 100% of the course fee will be forfeited.

Frequently Asked Questions

What is the weather like in Las Vegas?

In the winter months temperatures range from 15-60°. In spring the weather is nice with highs between 70-80°. Summer months are hot, highs up to 110°, with nice warm summer nights. In the fall it cools down with temperatures back around 70-80 degrees.

What should I wear when I come to LVI?

Business casual. We tend to keep the building cold so you might want to bring a light sweater.

Is food served at LVI?

A continental breakfast is served at 7:00 each morning and lunch is provided each afternoon. Snacks are also available throughout the day.

How far is the Las Vegas Strip from LVI?

Approximately 12 miles. It could take up to 30 minutes with traffic.

Do you provide transportation to LVI?

LVI Does NOT provide transportation to and from the campus.

Where do I check-in when I first arrive at LVI?

For every course you attend at LVI, you must check-in on the first day in the **Hillwood Building (Building with the purple rotunda)**. You will be directed to breakfast at registration.

Important CE Notice

We give 1 credit per 1 hour of lecture/participation.

If you leave the course early or arrive late those hours will be deducted from your credits.

If you work on a patient at home you will receive up to 20 Protocol CE dependent upon documentation of hours worked and records submitted for your patient. You will have up to 30 days after the Seat course to provide LVI your documentation in order to receive your protocol CE's . If this is not received by then you will receive only course time CE.

CE Information

How many CE hours can I expect to receive from this course?

After completing this program, you will receive a CE form of the appropriate AGD approved continuing education credit hours. These credits represent the lecture and participation portion of the course.

When will I receive my CE credits?

If you are not working on a patient your CE form will be presented along with your attendance letter at the end of the course. If you are working on a patient, LVI must receive all patient documentation within 30 days after the course completion to receive your Protocol hours and a final CE form will be sent to you. If this is not completed within the 30 days you will receive in course CE's only.

Does LVI submit my CE credits for me?

We will submit your CE credits to the AGD up to 30 days after the completion of the course if you provide us with your AGD number. It is your responsibility to keep the CE form indicating your credits on file in your office and, if necessary submit your CE hours to the appropriate organization(s) (i.e.: your state/territory, etc.).

What happens if I lose my CE letter?

Once you receive your CE form, hold on to your originals and send copies when submitting your organizations. If your original letters are misplaced, LVI must charge a \$30.00, per course, processing fee for necessary research. Replacement CE letters can take up to 3 weeks to receive.

Educational Objectives:

The Educational Objectives for this course are for the participants to be able to:

- Manage difficult cases such as bruxers, restoration of vertical dimension, and restoring severely dark teeth.
- Understand and address problems associated with a need for occlusal stabilization.
- Define and utilize techniques for subtle porcelain contouring and chairside customization before and after final placement.
- Understand management principles, case presentation skills in addition to good diagnosis and treatment planning
- Identify appropriate marketing case presentation skills in addition to good diagnosis and treatment planning.
- Educate our staff and patients about the power of Physiologic dentistry.
